DMCC – the world’s flagship Free Zone and Government of Dubai Authority on commodities trade and enterprise – has announced two new price packages for businesses of all sizes looking to set up operations in Dubai, offering savings of up to 24%. This is the first time that multiple discounts have been offered in bundles.

Ahmad Hamza, Executive Director – Free Zone, DMCC, said: “A central focus for DMCC is to allow both entrepreneurs and already established companies to set up their business in Dubai with minimum concerns so that they can focus on growing their operations. As such, the packages we are announcing include a variety of tailored solutions bringing greater choices and value to businesses. By offering fast-track, flexibility and innovative products, we continue to increase the ease of doing business in Dubai. Given the Emirate’s economic resilience, we are confident that it will remain the chosen place for doing business in the months and years to come.”

The ‘Jump Start’ package, tailored to SMEs and start-ups, offers discounts of up to 24% on DMCC business licences and essential business tools, including flexi desk solutions, UAE residency visas, flexible payments and access to new business opportunities through the DMCC Business Matching Hub. The package is available in one-, two- or three-year options.

For medium and larger businesses, DMCC has launched the ‘Prime Plus’ package, which offers swift company set-up, fast-tracking, more flexibility and savings on licences. The Prime Plus package comes with a three-year company licence, flexible payments, dedicated support through the application submission and a 20% discount when taking an additional licence, among other perks.

Available to new member companies from February, the new packages follow on from the award-winning free zone’s Business Support Package, which sought to increase the economic resilience of new and existing member companies throughout the global economic climate. Together with its over 18,000 member companies, 2025 registering in 2020 alone, and a record 232 in November 2020, DMCC contributes roughly 10 per cent to Dubai’s GDP.
